================================

Thank you for downloading the Iran Air (CFM) A320 livery!
For any recommendations, questions, or issues please contacts me at
ramind123@yahoo.co.uk

================================

Installation:

- Copy the directory (Texture.EPIEE) into <FSL Installation Directory>/SimObjects/Airplanes/FSLabs A320 CFM/
- Append the file (fltsim.txt) at the end of the file (aircraft.cfg) in the directory <FSL Installation Directory>/SimObjects/Airplanes/FSLabs A320 CFM/ replacing "x" with the next number in the sequence
- Enjoy!
